

United Kingdom Pavilion

GAMBICA is the Trade Association for Instrumentation, Control, Automation and Laboratory Technology in the United Kingdom. Our insight and influence help our members to be more competitive by increasing their knowledge and impact. Together we remove barriers and maximise the market potential in our industry. Please visit our booth in Za'abeel Hall 2, number K17. Alternatively we can be contacted at info@gambica.org.uk or visit our website www.gambica.org.uk

We are delighted to introduce the following companies, exhibiting as part of our **UK pavilion in Za'abeel Hall 2 at MEDLAB MIDDLE EAST 2025**. To find out more about each of our group participants click on their website address or, better still, visit their stand at the show!

Z2.L10

Established in 1884, Astell Scientific is a leading cross-sector manufacturer and supplier of laboratory, pharmaceutical and hospital Autoclaves/Sterilizers, Steam Generators and Effluent Decontamination systems (EDS), with UK-wide Calibration and Validation Services. Astell products can be found in use in over 100 countries around the world. For more information visit astell.com.

Z2.L18

www.calibrescientific.com

Calibre Scientific represents a portfolio of life sciences tools and diagnostics companies, across various key verticals, that have an unrivaled ability to address the unique challenges of their respective markets. Through a combination of acquisitions and organic growth, our global reach extends into over 175 countries, empowering customers all over the world. Headquartered in Holland, Ohio, Calibre Scientific continues to grow across a wide array of verticals and geographies, further diversifying its product offering and global footprint to laboratories around the world.

Z2.K11

www.genedrive.com

genedrive plc is a pharmacogenetic testing company developing and commercialising a low cost, rapid, versatile and simple to use point of need pharmacogenetic platform for the diagnosis of genetic variants. This helps clinicians to quickly access key genetic information that will aid them make the right choices over the right medicine or dosage to use for an effective treatment, particularly important in time-critical emergency care healthcare paradigms.

Z2.L16

www.lornelabs.com

Lorne Laboratories is the only independent company in England that for over forty years has sought to provide a simple and total solution for Blood Transfusion professionals across the world. Lorne was created by biomedical scientists who believed that the manufacture and distribution of reagents and associated products for blood transfusion could be provided professionally, ethically and with quality at the centre of all that it did. Lorne manufacture and supply Blood Grouping Reagents and Medical Diagnostic kits domestically in the UK and to over 100 countries worldwide.

Z2.K13

www.paragraf.com

Paragraf pioneers graphene-based electronics with standard semiconductor processes, mass-producing innovative devices for diverse industries. By creating a pristine, one-atom-thick layer of graphene directly on semiconductor wafers, Paragraf manufactures graphene field effect transistors (GFETs) that deliver instant, reliable molecular sensing for diagnostics and environmental monitoring. Our process also enables magnetic (Hall effect) sensors with higher sensitivity and superior noise tolerance in extreme environments, as well as bespoke devices tailored to meet unique partner needs.

Z2.K17

www.poth-hille.co.uk

Poth Hille & Co are a long-established manufacturer of histology grade paraffin waxes based in the UK. We can provide a complete OEM service from manufacture, testing approval, design, procurement and filling of printed packaging to stock holding and destination delivery. We offer several pack size options from 1 kilo bags up to 25 kilo cartons

Z2.L19

www.priorclave.co.uk

Priorclave design and manufacture an extensive range of research grade laboratory autoclaves with capacities from 40L to 700L. These are among the most energy efficient currently available. The recent introduction of new ranges – BASIC, SMART and PERFORMANCE - simplifies autoclave selection, enabling customers to easily match a standard autoclave to their sterilizing requirements.

Z2.L14

www.rapidlabs.co.uk

ISO13485 Certified manufacturers of CE Marked Blood Grouping, Rapid Devices, Febrile antigens, latex agglutination assays and biomolecule stabilising and fixing products that are compatible with all biological sample types to be analysed by multiomic methods, molecular and immunologic and histological methods for research applications.

Z2.L17

www.tcsbiosciences.co.uk

TCS is a manufacturer and distributor of laboratory reagents, test kits and quality control reagents for the Clinical, Pharmaceutical, Food and Water sectors. Our commitment to supplying quality and innovative products helps our customers to excel in the provision of clinical care, medicines, food and drinking water.

In our 50 year history we have established ourselves as Europe's foremost supplier of animal blood and sera for microbiological use. We are also a prominent player in the UK water industry and in the European pharmaceutical market.

Z2.K15

GLOBAL PROVIDER OF QUALITY
IN DIAGNOSTIC MEDICINE

www.weqas.com

Weqas are a Global Provider of Quality in Diagnostic Medicine. Weqas is one of the leading External Quality Assessment (EQA) providers with over 50 years' experience in Quality Assurance, providing solutions in Laboratory Medicine. Weqas provides over 50 EQA Programmes, including external audit, performance analysis and an educational advisory service.

Z2.L12

www.yourgenehealth.com

Yourgene Health is a leading international molecular diagnostics group with an integrated portfolio of technologies and services to enable genomic medicine. Yourgene Health has a comprehensive offering of non-invasive prenatal tests (NIPT) NGS workflows that have been built with labs in mind, and clinical prenatal screening services.
